

INFORMATION BULLETIN

WORKFORCE INVESTMENT ACT

Number: WIAB01-68

Date: December 28, 2001
Expiration Date: 06/30/02
69:97:cg:5172

TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: WARN ACT WEB SITE

The purpose of this information bulletin is to announce the publication of the Worker Adjustment And Retraining Notification (WARN) notice data on the Employment Development Department (EDD) Web site. To view the WARN site, go directly to www.edd.ca.gov/emptran.htm and scroll down to "Listing of WARN Notices" under "Workforce Investment Act." Also, these data can be accessed from the EDD home page at: www.edd.ca.gov under "For Employers". There is a high level of public interest in this information. We hope that publication of these data will improve the availability of services for the workers affected and ease the administrative burden at the local and State level.

Notices are included on the site based on planned layoff date. All WARN notices with a future layoff date are listed on the Web site. Historical data are included back through calendar year 1998. The data for calendar year 1998, 1999, and 2000, can be sorted by location (city) and company name. The WARN notices with planned layoff dates after January 1, 2001, may also be sorted by planned layoff date. The data for a calendar year may be printed in Adobe Portable Document (PDF) format.

Beginning with WARN notices received after January 1, 2002, the PDF format will include Local Workforce Investment Areas as a sort option.

Questions or comments regarding the WARN Web site may be addressed to Diane Bonar, Performance Management Unit, at (916) 654-8305 or by electronic mail at dbonar@edd.ca.gov.

/S/ BILL BURKE
